

## Welcome to the unique city of Russia – Sochi!

Sochi is a unique city in Russia, which is located in the warm subtropical climate of the Black Sea coast. The climate here is similar to that of Greece, Italy or Spain. It is famous for the Winter Olympic Games. The Olympics were held on the coast, in the Adler micro district of Sochi and in the mountain region of Krasnaya Polyana, in 2014. Modern infrastructure and many activity sites were developed recently both in Sochi and Krasnaya Polyana. I have included below some of my recommendations of activity entertainment places to

have fun in Sochi.

### SOCHI PARK

Sochi Park is a nice place to spend some hours or even days in spectacular surrounding of Russian folk fairy tales combined with modern entertainment, shows, carousels and fun museums for kids. I strongly recommend to visit the dolphin show in dolphinarium where there are not only dolphins, but white beluga whales and fur seals showing their talents. All year round Sochi Park offers different types of activities – ranging from Russian Style Halloween, Night Fires Show, Puppet Village Show, Tesla Science Show, Mime Show stage, Circus Entertainment, Miracle Forest, kids' disco etc. Shows vary depends on season you visit this exceptional place.

Sochi Park could be called as Russian Style Disneyland, but there are no Disneyland in the world you'll see heroes of Russian folks – Baba Yaga, Koschey, Ilya Muromets and others. Near Sochi Park guests come across the “Bogatyr' Hotel”, built in style of an old castle. It gives the feeling of mystical and festivity to the whole complex. For those who get hungry while visiting the Sochi Park, there are lot of cafes and food courts available.

## FORMULA 1's RACE COURSE

Another attraction near Sochi Park is the world renowned Formula 1's "Sochiautodrom" race course. Once a year guests are welcomed to attend F1 race in Sochi, but if you have missed it, you can easily find F1 souvenirs at shops around. After visiting Sochi Park, if you still have some energy why not to take a walk to the picturesque sea embankment with lot of coffee shops and restaurants. It is possible to rent bicycles or hyroscooters if you want to ease your weary legs.

## GORKY GOROD

All those areas linked by "Gornaya Carousel" cable way.

The resort is located near famous Krasnaya Polyana village on the Mzymta riverbank. It can be easily reached by vehicle or by "Lastochka" train. The distance from Sochi airport is 35 km.
